## WILL IT BE WAR?

Germany Proclaims "War of Horror," Break With United States Prepared For!

WASHINGTON, Feb. 1.—Germany has declared unrestricted submarine warfare. A starvation blockade of England, the like of which the world never has seen, was announced to the world Wednesday in notes delivered to American Ambassador Gerard in Berlin and to the State Department here by Count von Bernstorff.

Similar notes, advices from Berlin, have been handed to representatives of all neutral governments. Thus begins the long feared campaign of ruthlessness, conceived by von Hindenburg, it is said, on a magnitude never even contemplated by von Triptiz.

Again the United States faces severance of diplomatic relations with Germany with all its eventual possibilities.

President Wilson's repeated warnings of a "world afire" and Secretary Lansing's "verge of war" statement are being recalled in the capital with feelings of apprehension and misgiving.

Germany's action is the supercrisis of all those that have stirred the American government in two and one-half years of world war.

Talk of peace in Europe and of means of preserving the peace of the world has gone glimmering.

President Wilson, incredulous at first when the unofficial text of Germany's warning was brought him, at once called for the official document which had just been presented to Secretary Lansing by the German Ambassador.

Mr. Lansing absolutely refused to make a comment.

President Wilson began at once a careful study of the document. The President has the task of deciding what shall be the course of the United States.

Three immediate steps appear among the possibilities:

The United States might solemnly warn Germany against a violation of her pledges.

It might be decided that the German warning is sufficient notice of an intention to disregard those pledges and a sufficient warrant for breaking off diplomatic relations.

It might be decided to await the result of the blockade and determine the course of the United States as the actual operations develop.

NEW YORK, Feb. 1.—The port of New York was sealed Wednesday night by order of Dudley Field Malone, collector of the port. Vessels of every description, including tug boats, were turned back at quarantine by the torpedo boats stationed there to maintain the neutrality of the United States. The purpose of Mr. Malone's order remained a mystery upon which he declined to throw any light. He has full authority to act upon his own initiative in case of emergency, as he is held responsible for enforcing neutrality.

On almost every side Germany's drastic action is interpreted as an open confession of the effectiveness of the British food blockade. It is regarded as a determination to strike back in kind. German officials in the United States estimate the food supply on the British Isles will last a month.

Admittedly, the plan is to carry starvation to the doors of England with swift, staggering strokes, as a fulfillment of Germany's announced determination to use every weapon and agency at her command to end the war quickly. She counts on the operations of an unheard-of number of submarines to deliver blows to bring England to her knees within sixty days. One German official predicted to-day the war would be over in a month.

## BURGLARS AT WORK: VISIT MAIN STREET HOUSES

Burglars visited the grocery of Mr. Bruce Holladay, Wednesday night, while Mr. Holladay was at supper, and secured about \$15 in money from the cash drawer, which they forced open. The iron grating covering the door in the rear of the grocery was forced apart, and the thieves, breaking a glass, reached in and unlocked the door. They made a rapid and thorough search for valuables, departing with the contents of the cash drawer. Nothing else was taken.

The meat store of Mr. Albert Antone, on Main, between Sixth and Seventh, was also visited, the thieves gaining an entrance through a side door which they forced open. The cash register had been left unlocked, Mr. Antone being out of the room, but the thieves not knowing this, went to the trouble of prizing off the top of the register, from which they secured \$4 in change. The visit of the marauders was reported to the police. The jobs bore the impress of amateurs and it is likely there will be a vigorous round-up of suspicious characters in connection with the cases.

## DIVIDENDS PAID BY PARIS FIRM TO EMPLOYEES

A sum amounting to about \$12,000 was paid out this week in dividends on the profit-sharing plan, by the big firm of E. F. Spears & Sons, among about twenty-five of their employees. These are working on a monthly salary basis. The dividends paid these employees represents twenty per cent. of the net earnings of the firm in certain branches of their business for the six months ending January 1, 1917. Cash amounts ranging from \$250 to \$600 each were received by the employees who came under the provisions of the dividend-paying plan.

## THE TOBACCO MARKETS.

The Bourbon Tobacco Warehouse Company (consolidated) sold over their Paris House floor Wednesday, 131,185 pounds of tobacco for \$27,300.50, at an average of \$20.81 per hundred. The prices ranged from \$10 to \$126 per hundred, which price was paid for a basket of fancy cigarette wrappers from the crop of Brennan & Gay. The sale was blocked in the Bourbon House and no averages obtained. Some of the averages are as follows:

Brennan & Gay sold 3,530 pounds, average \$28.24; Bedford & Wagoner sold 3,505 pounds, average \$21.37; Stoker & Wagoner sold 3,230 pounds, average \$22.96; Cane & Breeze sold 2,720 pounds, average \$21.03; Thompson & Gross sold 4,600 pounds, average \$22.22; Chas Martin sold 2,615 pounds, average \$20.57; Becraft & Carter sold 4,270 pounds, average \$20.26; Jones & Shaw sold 2,600 pounds, average \$22.42; T. J. Jones & Freeman sold 3,345 pounds, average \$22.23; Bailey & Ryan sold 11,245 pounds, average \$24.19; Wilkerson & Hill sold 3,595 pounds, average \$20.72; Carr & Hill sold 3,595 pounds, average \$21.52; J. F. Wasson sold 2,980 pounds, average \$23.68; Vasson & Cooper sold 3,955 pounds, average \$21.41; Soper & Anderson sold 3,325 pounds, average \$20.44; G. C. Flanders sold 3,670 pounds, average \$19.26; Flanders & Carter sold 1,820 pounds, average \$20.17; Ardery & Offutt sold 5,400 pounds, average \$22.99; Jas. Elliott sold 1,725 pounds, average \$20.51; Stewart Hinkson sold 6,965 pounds, average \$21.79; Hinkson & French sold 2,745 pounds, average \$21.52; Hinkson & Whitson sold 4,645 pounds, average \$22.98.

## INDEPENDENT—WEDNESDAY, JANUARY 31.

The Independent House had a small sale Wednesday, 18,315 pounds being disposed of. Some of the crop averages are as follows: Meng & Gilkey, 6,930 pounds at \$21.43; Bivins & Brierley, 4,480 pounds at \$24.07; Connell Bros. & Myers, 3,780 pounds at \$19.06; Tate & French, 3,225 pounds at \$19.88.

## BOURBON-PARIS HOUSE—THURSDAY, FEB. 1.

The Bourbon Tobacco Warehouse Company (consolidated) sold at their Bourbon House 154,415 pounds of tobacco for \$30,069.68, an average of \$19.84. The day's offering contained some good tobacco, but the brake as a whole was the worst of the season. The market was strong and grade prices were well sustained. The general crop averages will be printed in Tuesday's issue.

## INDEPENDENT HOUSE—THURSDAY, FEB. 1.

The new Independent House sold a total of 59,500 pounds of tobacco for a total of \$14,334.84, an average of \$24.09. One basket in the crop of Thomason & Hinkson sold for the hitherto-unheard-of price of \$150, topping a market that is assuming sky-high proportions. This is the banner crop of the known tobacco world, so far as records go, and at this rate it will not be long before Bourbon county tobacco will be better than gold in the bank, or wheat in the field. The averages at this house ran all the way from \$18 to \$36.13. The list of crop averages is an unusually long one and will be printed in Tuesday's issue.

Among the sales by Bourbon county growers at the various Lexington tobacco warehouses Wednesday were the following: Wm. M. Sparks, 6,260 pounds at \$20.66; Knight & Wilson, 2,300 pounds at \$21.29; Haveley & Burdin, 7,665 pounds at \$20.84; Leer Buckley, 2,080 pounds at \$21.00; M. B. Linville, 2,980 pounds at \$20.45; Taylor & Perry, 3,065 pounds at \$22.70; Taylor & Day, 6,280 pounds at \$22.55; Houston & Jones Bros., 4,735 pounds at \$21.44; Ewalt & Snapp, 9,925 pounds at \$24.38.

A novel sight was witnessed in Maysville, Tuesday, when a committee of ladies from one of the churches visited the various tobacco warehouses and solicited samples of tobacco from the farmers who were delivering their crops. They were successful in gathering a large quantity of the weed which one of the redrying houses there has agreed to rehandle for them. The tobacco will be sold at a special sale to be held at one of the warehouses on a specified date and the entire proceeds turned over to the ladies. Senator Ollie James, of Kentucky, announced Wednesday that he will offer an amendment to the Webb Bill, now in Congress, to prohibit dealers in tobacco and other agricultural products forming common selling agencies in foreign countries. His theory is that this might supply them a lever to depress prices of tobacco and other products of the farm in this country.

## FISCAL COURT PROCEEDINGS

The February term of the Bourbon Fiscal Court met yesterday, with Judge McMillan presiding, and Justices Martin, Thomason, Burris, Redmon, Stephenson and Lloyd present.

Claims against the county amounting to \$3,327.00 for sheep killed by dogs were certified to the State Auditor for payment. The report of the County Attorney Batterton were appointed a committee to make loan to W. W. Talbott out of the Hamilton Fund. Justices Redmon and Stephenson were appointed a committee to have all needed repairs and painting done on the court house, and advertise for bids on same, but to report to the Court before contracts are let. The Court then adjourned to March term.

## SPEARS & SONS RECEIVING BIG HEMP PURCHASE.

Mr. Marion Leach, of Paris, representing E. F. Spears & Sons, of this city, who recently closed a deal for the purchase of 1,000,000 pounds of hemp from Clark County dealers, is in Winchester making arrangements for receiving the crop. It is estimated that this purchase composes one-half or more of the entire crop of the Clark County growers, and was bought at \$13.75 per hundred pounds.

It is said that there are now between 30,000 and 40,000 pounds of the fiber ready for delivery in Winchester. The weather of the past week and a few days this week has been excellent for breaking hemp, and in addition to the hand brakes, the crop will be broken out by power machines.

According to the terms of the contract the entire purchase must be delivered by May 31. The Paris firm has an option on the remaining 1,000,000 pounds of hemp from the crops of the various producers at the two warehouses in Winchester, from where it will be shipped to their Paris handling houses.

Spears & Son have rented the warehouses of Bush & Goff, on North Main street, and Martin & Hodgkin on Broadway, in Winchester, for the purpose of receiving and handling the hemp. The former house will be in charge of Mr. John Clark, of Paris, and the latter will be in charge of Mr. Leach. One baler will be put in operation at the Goff house, while another will do similar work at the Martin & Hodgkin house. Mr. Leach has made arrangements for a large force of men to be put to work at once at both houses hatching the hemp and operating the baling machines. Operations will be started as soon as the first batch of hemp is received.

Bedford, president; George W. Wilder, vice president; Clarence K. Thomas, cashier; George Doyle, W. T. Bryan and F. W. Galloway, bookkeepers.

## LOCAL TRAPSHOOTERS TO GO TO KANSAS CITY.

A party of Central Kentucky trapshooters, composed of Messrs. Thomas Henry Clay, Jr., and Alfred Clay, of Paris; C. L. Wheeler and Victor Dodge, of Lexington; J. E. Schreck, H. J. Meyers and R. Dibrowski, of Covington; Ben D. Goff and Thos. H. Strother, of Winchester; C. H. Ferguson, H. C. Herndon and A. B. Barkley, of Georgetown, will leave for Kansas City, Mo., to-morrow over the Big Four route, from Cincinnati, to attend the International Trapshooters' Tournament, to be held in that city early next week.

These gentlemen won the right to attend the Kansas City meeting at a shooting tournament held a few days ago on the grounds of the Hilltop Gun Club, the private shooting grounds of T. H. Clay, Jr., and his brother, Alfred Clay, near Austerlitz, this county. At this meeting Paris, Cincinnati, Winchester and Covington were represented by their best marksmen.

At the Kansas City meeting the Kentucky delegation will contest for both the National and International championships with the best teams of Iowa and Kansas, as well as the representatives of other States and foreign countries. There will also be a contest for individuals for the amateur championship of the United States. The ordinary "white flier" target will be used in the the contests.

## REMAINS OF ROY BORLAND INTERRED IN CINCINNATI.

Mr. S. E. Borland returned from Cincinnati, Tuesday, where he had been investigating the circumstances attending the illness and death of his son, Mr. Roy Borland at the General Hospital, in that city some days ago. Mr. Borland stated that the facts, as far as he was enabled to ascertain them in the course of his investigation, were substantially the same as stated in THE NEWS. Owing to the condition of the body it was impossible to embalm it, and upon the advice of physicians and the health authorities, the body was interred in the Cincinnati Cemetery.

Mr. Borland stated that the hospital authorities used every means at their command to locate his son's supposed location in Pittsburg, and the fact that Paris relatives were not notified of young Borland's death was because they had no knowledge of his home and relatives being in Paris. Death was due to a complication of kidney and heart trouble, and the only unusual features of the case was the inability of the hospital people to locate Borland's relatives.

the kind that is not too heavy, but is made with a light layer of cotton next to the skin and another layer of fine woven Australian wool on the outside, which does not scratch and irritate the skin, but prevents the cold from penetrating through the garment. ### EDITORIAL MUSINGS.

#### The Problems of Retail Trade.

Reference was made in the previous editorial in this series to the problems a merchant has to meet in the matter of returned goods. It is of course a two-sided question, with two points of view to be looked at.

A woman may go into a store and make a purchase that showed poor judgment and which she regrets as soon as she gets home. It is not always easy to make a decision on the spur of the moment, and with a great many people hindsight is better than foresight.

If under such circumstances a customer is permitted to return the goods, assuming that they are not injured in any way, and can be put right back into stock, a great service is done by the merchant. He has cemented his friendship with a customer, and saved her from making a mistake she would many times regret. He has made the strongest bid for her future patronage.

There are a great many cases, however, very different from this, and very exasperating to the store people. Many persons will buy a pair of gloves, jab down between the fingers to put them on, which splits the glove. Then they demand another pair. A great many merchants will give them the second pair, which will split just the same if misused in the same way.

Merchants say that there are people who will order hats or gowns to wear to some party. Having used them, they will send them back. There are cases where it would seem as if they ordered the goods merely to wear to some occasion, with no intention of buying the goods. They bring them back a little soiled, so that the article has to be closed out at a reduction.

Retail trade papers and associations are discussing the matter of returned goods a good deal this winter, and many of them feel that the merchants should unite to prevent themselves from being imposed upon. It is a difficult matter to distinguish between reasonable and unreasonable requests. The public should not expect too much. Where goods that are not defective are returned because the customer made an error of judgment in buying or using them, and where such a return involves the merchant in a loss, the public in the end will have to pay for them as a part of overhead expense.

#### Working One's Way Through College.

Reports from the colleges show large increases in the freshman classes. In this country of wealth, more and more people are finding the money to pay college bills. Also more people are appreciating the value of the training. And there is an increasing number of students who work their own way.

At Princeton, this fall, for instance, a new step has just been taken toward this spirit of democracy. Seventy boys are waiting on tables in the dining halls. They receive free board for this service. Thus the oldest and most conservative institutions open their doors wide to the class of earning students.

A reasonably bright young person can work his way through any college without great difficulty. He need not enrich John D. greatly for "midnight oil," either. Nor need he be an object of pity for overwork. It is simply a question of where he will put in his day-light.

When other fellows are frolicking and gossiping at the fraternity house, will he have the resolution to get up his next day's lessons? He may often have to study while the others are playing tennis and football. This is

regrettable. Yet he is no worse off, not so badly off, as his comrades that have gone into stores and factories. Half an hour in the gymnasium daily will keep his heart, stomach and nerves working.

He may miss some fine aspect of college life. Certain enriching personal intimacies may be impossible. Not because of any social discredit attaching to work, but because he must limit his expenses and travel a different path. He will make his own friendships. They may lie largely among other earning students. These boys may come from obscure families, but they have a rugged strength. Their persistence and ambition will make them heard from. In ten years these friendships may be more helpful than association with rich men's sons.

So let no anxious parent hold back an ambitious boy. Give him his chance to work out the faith that is in him.

### BREAKS A COLD IN JUST A FEW HOURS.

"Pape's Cold Compound" Ends Grippe Misery—Don't Stay Stuffed-up!

You can end grippe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine. (adv)

### A CONVINCING ARGUMENT FOR HOME SUPPORT.

The statement that eight hundred country-wide newspapers have suspended publication on account of the high price of print paper, should cause good people everywhere to rally to the support of deserving publishers, says the Lowell (Mich.) Ledger. No institution has been more loyal to local interests through thick and thin than the country newspaper; and it's a poor community that doesn't stand by its best friends. Probably some of the newspapers alluded to did not deserve to live, but many of them did; and their demise was due to the fact that they were published in dead communities. A live newspaper makes a live town and vice versa.

### WINTER BRINGS COLDS TO THE CHILDREN.

A child rarely goes through the whole winter without a cold, and every mother should have a reliable remedy handy. Fever, sore throat, tight chest and croupy coughs are sure symptoms. A dose of Dr. Bell's Pine Tar Honey will loosen the phlegm, relieve the congested lungs and stop the cough. Its antiseptic pine balsams heal and soothe. For croup, whooping cough and chronic bronchial troubles try Dr. Bell's Pine Tar Honey. At all Drugists, 25c. (Feb-adv)

### A TREAT AHEAD.

We wonder whether our citizens realize fully the importance of the rural school and rural conference which will meet at the Western State Normal, February 19. This promises to be one of the most important conferences having to do with the rural life ever held in Kentucky. The conference is held in the interest of better government, better roads, better agriculture, better schools, better churches and better homes.

The array of talent that is announced will take part in the program is sufficient to assume the success of the conference.

Dr. Cherry, President of the Western State Normal, has been engaged in building this program for several months past. He never does things by halves and from the announcements so far given out, a great treat is in store for all who attend.

Dr. Cherry will far surpass any of his previous efforts along this line. The railroads have made a reduction in rates for the conference and this, added to the program offered, will attract hundreds of people out of the State.

### SEVERE COLD QUICKLY CURED.

"On December first I had a very severe cold or attack of the grip as it may be, and was nearly down sick in bed," writes O. J. Metcalf, Waterbury, Mo. "I bought two bottles of Chamberlain's Cough Remedy and it was only a few days until I was completely restored to health. I firmly believe that Chamberlain's Cough Remedy is one of the very best medicines and I will know what to do when I have another cold." Obtainable everywhere. (Feb-adv)

### DRESDEN ARSENAL BLOWN UP; ONE THOUSAND LIVES LOST

The Dresden Arsenal has been blown up and 1,000 women and young girls killed, according to a letter taken from a German soldier dated December 30.

The letter was written from Dresden and the writer said that all the windows within a radius of 12 miles were broken by the explosion. He added that the authorities were keeping the news secret and that no railroad tickets were being issued for Dresden, except for urgent reasons.

### BURNSIDE PAPER SUSPENDS; HIGH COST OF PAPER.

Due to the cost of newsprint paper and other essentials to the newspaper business, the Burnside Star, published at Burnside, Ky., by A. H. Vanhook, has suspended publication for an indefinite period. The paper came into existence about a year ago.

### THE BLUE GRASS LEAGUE BOBS UP AGAIN.

Tom Cooke, in the Courier-Journal, says: "The rumor that the old Blue Grass League will be reorganized won't do. According to a report circulating in several cities in the heart of the State, Lexington, Paris, Danville, Nicholasville, Frankfort, Georgetown, Winchester and Versailles or Harrodsburg, will organize teams and revive the good-natured rivalry that used to exist when such stars as Jake Stengle, 'Shorty' Fuller, Nick Altrock, Johnny Sutthoff, Teddy Mahan and others, thrilled lovers of the game by their wonderful hitting and fielding. Fully half a score of ex-National League luminaries started their career in that league in the '90's. By keeping within bounds of a moderate salary limit the Blue Grass League will flourish as it did years ago."

### STIFF, SORE MUSCLES RELIEVED

Cramped muscles or soreness following a cold or case of grippe are eased and relieved by an application of Sloan's Liniment. Does not stain the skin or clog the pores like musky ointments or plasters and penetrates quickly without rubbing. Limber up your muscles after exercise, drive out the pains and aches of rheumatism, neuralgia, lumbago, strains, sprains and bruises with Sloan's Liniment. Get a bottle to-day. ### Peruna is That Tonic.

Its action is prompt, usually very effective, and its use is without harmful effects. Every household should keep it at hand for this purpose, and every catarrhal sufferer should regularly use this reliable remedy.

The tablet form will be found very convenient. A tablet or two at the very beginning of a cold will frequently prevent its development, and these tablets may be taken regularly with beneficial results.

Many prefer the liquid form which for nearly half a century has been the reliance of the American home. Both are good. Your druggist can supply you.

## THOSE AWFUL CRAMPS

Suggestions that may save  
Much Suffering

Marysville, Pa.—“For twelve years I suffered with terrible cramps. I would have to stay in bed several days every month. I tried it and now I am never troubled with cramps and feel like a different woman. I cannot praise Lydia E. Pinkham's Vegetable Compound too highly and I am recommending it to my friends who suffer as I did.”

### THINGS TO WORRY ABOUT.

In a mad desire to get something new and novel in the sporting line there has been invented since the days of baseball all kinds of balls, such as football, basketball, highball, medicine ball, “bailing out,” charity balls, masquerade balls, and other kinds of balls. Hall, Mrs. Duncan Bell, Mrs. Robert Goggin, of Georgetown; Mrs. Lynn Moore, of Detroit; Miss Nancy Griffith.

—In renewing his subscription to “the best country paper in Central Kentucky,” as he terms it, Mr. Dennis C. McNamara, formerly of Paris, writing from his home at Arlington, Mass., says: “I have just returned from an extended trip out West. Mattie and our baby will leave on February 3 for Texas, to spend the remainder of the winter. I wish you would have THE NEWS sent to her at 613 South Travis Street, Sherman, Texas, care J. S. Fulton, until further notice. They expect to come to Kentucky about March 15, and if we can find the right sort of place we want near Louisville, we shall buy it and move to Kentucky. At least, that is our present plan.” Enclosed in the letter was a kodak picture showing Mr. McNamara and a party of friends at their cabin on a hunting expedition in Maine, where they bagged twenty-two deer. In the photo it would be hard to recognize “Mac,” as he resembles Jim Jeffries or Jess Willard in proportions physical.

### “THANK.”

Fully 75 per cent of our subscribers have replied to the subscription statements we mailed out last week. We honestly believe we have the most liberal patrons of any newspaper in the State. We want to thank them for being so prompt to our appeal. We believe they realize that they are getting a good paper at actual cost. Those few who have neglected to respond are all good paying subscribers, and will come across, but have just neglected to do so. It's true the amount looks small, and some may wonder why we are so persistent over so small an amount, but five hundred \$2.00 accounts total \$1,000, and that would buy several months' supply of newspaper. If you happen to be one of the few who have put off mailing a check, now is a good time to “take your pen in hand,” or “your typewriter in your arms,” etc.

### PLENTY OF PROOF

From People You Know—From Paris Citizens.

The greatest skeptic can hardly fail to be convinced in the face of evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Paris, of people who can be seen at any time. Read the following case of it: J. W. Larkin, retired farmer, 431 High street, Paris, says: “I am only too glad to recommend Doan's Kidney Pills, because I have at times had quite a bit of trouble with my back across my kidneys and the kidney secretions have been too frequent in passage. A box or so of Doan's Kidney Pills at these times have never failed to cure me of an attack.”

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mr. Larkin had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

Coffee does disagree with many. And in these days of accurate scientific knowledge there is no virtue in appearing astonished when this truth is faced.

Caffeine (the drug in coffee, and tea also) leaves the system in an overworked and debilitated state, and is responsible for various serious ills and discomforts.

Thousands who desire an appetising hot table beverage with none of coffee's drawbacks, find a most delightful cup—one containing no deleterious substance whatever—in

“There's a Reason”

### PAY TRAIN THING OF PAST ON L. & N.

Owing to the fact that the law passed by the last session of the Kentucky Legislature requires the railroads to pay twice a month instead of once a month as they had previously done, the Louisville & Nashville railroad has dispensed with the pay train from which the employees of the road got their salaries and they will hereafter be paid by checks. These money wagons! used to be the cry of checks are made payable on local banks, and are forwarded to the gen

eral agent of each town where they are distributed to the employees. This greatly reduces the expenses of the road, and facilitates the way of paying off.

With the last visit of the pay cars to Paris there passed from railroad history a time-honored institution, one whose visits was always eagerly looked forward to by the employees, their families and the merchants of their city and county. “Here comes the money wagon!” used to be the cry of checks are made payable on local banks, and are forwarded to the gen

All women who would like to become informed on the subject are cordially invited and urged to hear Mr. Hutchcraft.

## MR. W. O. HINTON'S FRIENDS INSISTENT.

It seems that the friends of Mr. W. O. Hinton are going to run him for Mayor whether or not. Pressure is being brought to bear on all sources trying to induce Mr. Hinton to allow his name to be used as the large number of his admirers say that, his announcement is equivalent to his election. Mr. Hinton is one of the most popular business men in Paris, and has been connected with the affairs of the city for years, serving on all the important committees and boards. He is now chairman of the Finance Committee and in that capacity has saved thousands of dollars for the taxpayers. The business interests of the city require a man who is thoroughly capable and has had business experience, is the reason that so many taxpayers are so insistent on Mr. Hinton becoming a candidate. In talking to Mr. Hinton yesterday we tried to get an expression from him as to his intention, but he would only say that "he very much appreciated the compliment so many people were paying him in trying to get him to make the race, but that he had hoped to keep out of politics and had not decided as to what reply he would make to the many requests in regard to becoming a candidate."

## SUIT FILED AGAINST ALEXANDER BANK DIRECTORS

In a petition in suit filed in the office of Circuit Court Clerk Wm. H. Webb, yesterday, Mr. J. A. Wilson, of Paris, seeks to recover from the Board of Directors of the Geo. Alexander Bank the sum of \$2,539.59, which he claims was on deposit to his credit in that bank when it was closed by order of the State Banking Commissioner. Mr. Wilson also claims he loaned the bank \$20,000 through George Alexander as its president, and that under an operation of the State law he could only get a judgment for \$10,000 of that amount. He alleges that up to date he had received \$7,332.08 in the Banking Commissioner's distribution. The petition, which covers twelve typewritten pages, sets forth in detail statements concerning meetings of Directors in several years and details financial transactions in which George Alexander figured as leading spirit.

## NEW CANDIDATE FOR CHIEF OF POLICE.

TO THE PUBLIC:  
I am a candidate for the office of the Chief of Police of the city of Paris, in support of my claims I submit the following statements:

For twelve years I was a member of the police force of this city, and during the entire time gave satisfaction to the City Council and to the public generally.

For twelve years past I have been night watchman of this city, paid by the merchants who wish their places of business looked after during the night. The fact that I have been and still am acting in that capacity is proof sufficient that I have been faithful, watchful and diligent.

Reference to the Fire Department records or to any of the merchants will show that I have discovered many fires and sent in the alarm while they could yet be controlled.

I have not missed a night on account of illness nor absence. Merchants will tell you that they have entered their stores long after midnight and they would be there but a few moments before I would discover them and walk in.

If elected Chief of Police I will give the city of Paris my undivided attention.

I earnestly solicit your support.

Respectfully,  
BEN B. SPEARS.

## SELLS CLARK COUNTY FARM.

## K. OF P. LODGE TO CELEBRATE ANNIVERSARY

Extensive preparations are being made by the members of Rathbone Lodge No. 12, Knights of Pythias, of this city, for the celebration of the fifty-third anniversary of the founding of the order, which will be an event in Pythian circles on the evening of Thursday, February 22.

The committee in charge of the program for the home-coming celebration have completed their program, and everything points to a great time among them on the night of February 22. The program is as follows:

January; Address—"Why I Attend The Lodge Regularly," George R. Beatty; Selection—"K. of P. Quartette, Martin Speigle, Walter Blythe, Joe Puthoff and O. B. Mann; Solo—"My Friends Have Plenty, But I Am Always Short," Louie Wollstein.

## GAS PRESSURE STILL NORMAL DESPITE ALARM

Paris housekeepers and business men were unduly alarmed Wednesday by publication in the Lexington Herald of a news item to the effect that there would probably be a lessening of the natural gas pressure from one to four o'clock, due to the fact that workmen would be busy placing a permanent supply pipe line in place. This new line takes the place of the one thrown across Slate Creek as a temporary supply in place of the one washed away during the recent flood and cold snap.

The gas supply, however, continued at normal pressure. Reports from headquarters stated that as long as the weather conditions remain threatening and unsettled as at present, there will be no effort on the part of the workmen to put in the permanent pipe line. On the first warm day when all conditions are suitable the gas will be cut down to a low pressure for a few hours in order to effect the new work, but ample notice will be given to all patrons.

## FEBRUARY 1 A DAY OF CHANGES AT POSTOFFICE

Just as March 1 is "movin' day" in Pumpkin Center," so was yesterday moving day at the Paris postoffice, when a number of employees moved up, some went out, and others moved in.

McCord becoming clerk; Mr. Louis Meglone became carrier on City Route No. 1, succeeding Mr. James Temple; Mr. O. P. Carter, Jr., became delivery window clerk; while Mr. John Spears became substitute city mail carrier, succeeding Mr. Louis Meglone.

## BEATS HIS ALARM CLOCK TO IT NOW

Pressman Jumps Out of Bed  
With Old Time Vigor.

TANLAC GAVE HIM NEW ENERGY

When the alarm clock rang this morning did you bound out of bed, eat a good breakfast and leave "fit" and ready for your work?

Not if you felt like Edward E. Schwandt, pressman, 3200 Tampa ave.

EDWARD E. SCHWANDT.

nue, Cleveland, used to feel. Here is the story in his own words:

"The last year was a trying one for me. My health had been steadily on the down grade. Often it would be 1 or 2 o'clock before I could go to sleep. I got up in the morning almost as tired as when I went to bed.

"During the day my stomach bothered me. After eating I had a heavy, bloated feeling. I was tired all the time and didn't have any ambition. My nerves were upset. My body ached. At times my feet were so sore I could hardly bear my weight upon them.

"I couldn't get relief. Finally I tried Tanlac and right then and there I began to get better. My worries are all over now. I go to bed and never wake up until morning. My aches have left me. I have a splendid appetite and am able to satisfy it, too,—no food disagrees with my stomach.

"I am glad to say a good word for Tanlac and honestly believe that it will do for other people what it has done for me."

Tanlac, the master medicine and reconstructive tonic, is sold exclusively in PARIS by Varden & Son. Other exclusive agents in nearby towns are as follows:

HUTCHISON Snell & Wood; MILLERSBURG, W. G. Wadell; ELIZABETH, Oscar Smith; CARLISLE, Tureman & Son; GEORGETOWN, C. H. Arnold; WINCHESTER, Duty Drug Company; AUSTERLITZ, B. S. Parrish.

## VILLISTAS MOVING.

JUAREZ, MEX., Feb. 1.—Confirmation of the occupation of El Valle by Villa forces has been received here from Casas Grandes. It was said the Villa troops moved up from Namiquipa, where they had been awaiting the departure of the American punitive expedition, before occupying the town.

Villa followers also were reported to have been seen in the vicinity of Santa Sofia, on the Mexican Northwestern railroad, thirty-five miles from Ojo Federico, where the United States soldiers were expected to camp to-night.

SAN ANTONIO, TEX., Feb. 1.—Plans for distributing the American expeditionary force after its withdrawal from Mexico, so that the border country made turbulent by bandit forays will be protected adequately against a repetition of the Columbus, N. M., raid, have been announced by the Southern Department of the United States army.

Major-General John J. Pershing, in command of the force of 12,000, will establish headquarters at El Paso, from where any threatened section of country can be reached quickly. Headquarters of the cavalry brigade will be at the same place.

## FOR A BILIOUS ATTACK

## KING WINTER INTERFERED.

BERLIN, Feb. 1.—Snowstorms have brought battles on the various fronts almost to a standstill. Notwithstanding these drawbacks, Germans announce that they have increased the number of prisoners captured in Galicia to 2,700 men, and in France have carried out bold air engagements successfully. The great engagement launched in Riga is held in check by the weather.

The strongest recommendation any article may receive is a favorable word from the user. It is the recommendation of those who have used it that makes Chamberlain's Cough Remedy so popular. ## "WILDWOOD," ATTRACTIVE NEW SUBURBAN RESIDENCE ADDITION

The new fair grounds tract, on South Main Street, just beyond the city limits of Paris, has been named "Wildwood," and has been platted in tracts of 2 and 4 acre farms, which will be offered to prospective purchasers.

This high and slightly tract of land has been divided and staked off, and prospective purchasers can now visit the grounds and select one or more small farms to suit their fancy. A beautiful and convenient driveway has been provided in the rear of all tracts from the Clintonville pike to the pass-way leading to the L. & N. Railway.

The owners of this body of land will sell the frame buildings on the lots, on Saturday afternoon, Feb. 3, and the public is invited to attend this sale and inspect the lay of the beautiful grounds.

These small farms have perfect drainage, studded with stately and beautiful forest trees and numerous maple trees are distributed throughout the entire grounds. No doubt many of our people have never noted the beauty of the grounds, which are gently sloping in almost every direction and afford high and ideal locations for desirable suburban homes.

Visit the place and walk over these most desirable suburban small farm tracts and then you will more fully appreciate their beauty and desirability.
